

With its tree-lined streets, gas lamps and Victorian flavor, the town has maintained a charm through the decades...

# RIVERTON NJ

## Borough of RIVERTON

As the first planned residential subdivision in America, Riverton was founded in 1851 by a group of Philadelphians, most of whom were Quaker. Located on the banks of the Delaware River, with its tree lined streets, gas lamps and Victorian flavor, the town has maintained its charm through the decades.

A visit to town should include a stroll along the riverbank highlighted by the Riverton Yacht Club - the oldest yacht club on the Delaware. Downtown offers a village-like atmosphere including an array of quaint retail shops, restaurants, services and professional businesses. More recent development efforts include a retail center anchored by CVS and Beneficial Bank as well as a large, professional office building. The recently restored War Memorial provides a welcome stop to sit and reflect.

The spirit of volunteerism is a testament to the strength of this community. Civic and community groups such as the Riverton Porch Club, Riverton Historical Society, Riverton Business and Civic Association, Economic Development Committee, Friends of Riverton School and the Riverton Improvement Association all contribute to the gracious lifestyle Riverton residents enjoy.

Coupled with the unique beauty of its small town setting, the addition of the RiverLine Light Rail has encouraged businesses to locate and thrive in the borough while providing a "greener" transportation option to Philadelphia, Camden, Trenton and New York City.

### Volunteerism At Work

The Riverton Improvement Association (RIA) is a non-profit organization founded approx. 25 years ago, composed of a group of Riverton residents dedicated to maintaining and improving life in this historic community. The RIA is particularly focused on beautification of the public spaces within the township's borders.

The RIA wishes to help promote the downtown experience in several ways:

- \* A general cleanup of the downtown area including weeding, mulching and planting flowers.
- \* A promotional campaign spotlighting the numerous and varied businesses located in the downtown district.
- \* Continued improvements in landscaping including benches, trees, urns and gas lamps.

RIA's efforts are an expression of pride in the community and an ongoing commitment to provide aid to the town's small business community in these economically challenging times.

Please join the RIA in our efforts to beautify our wonderful town.

For more information, to volunteer or offer donations, please visit: [RivertonImprovementAssociation@gmail.com](mailto:RivertonImprovementAssociation@gmail.com)
