Borough of Riverton Municipal Planning Board Regulation

Defining "Minor Site Plan Review"

Background

Riverton Code Chapter 109 details the oases and procedures for conducting Site Plan Reviews. §109-3 requires a Site Plan Review for "any change of use, ownership, proprietorship or occupancy" which does not qualify for an exemption. To be "exempt", an application must be either for a dwelling (single or two-family) or involve only "interior alterations which do not involve a change of use."

The code details the particulars of conducting a full public hearing as a review (referred to here as a "Formal Site Plan Review") and also mentions a "Site Plan Waiver" in §109- 10D which discusses fees but is silent on the means of granting a waiver. Since the Planning Board meets just once per month and the requirements for holding a full public hearing might be viewed as a burden to the applicant for a minor change in use to existing structures, this regulation defines the process by which a Formal Site Plan Review before the full Planning Board can be waived and replaced with a "Minor Site Plan Review" by the Zoning Code Enforcement Official (the "Official") and the Chairman of the Planning Board ("Chairman"). *AB* a result of a Minor Site Plan Review, the Official and Chairman can grant or deny Site Plan Approval.

Basis for Waiver of Formal Site Plan Review

The Planning Board empowers the Official and the Chairman (or, in their absence, their designees) to grant or deny Site Plan Approval for applications in the following circumstances"

1. The premises contain fewer than 3,000 sq.ft. of floor area; and
2. There is no change in the footprint of any structure, nor construction of additional onsite or offsite improvements, apart from changes required to comply with *ADA*; and
3. There are no structural changes to the exterior of any structure apart from signage (the exact appearance of which must be detailed in the application) and apart from changes required to comply with *ADA*; and
4. No more than minor, non-structural interior changes to any structure; and
5. The proposed use is legal as a matter of right for the subject parcel.

Though an application may qualify for consideration for a Waiver under this regulation, the Officer or the Chairman may always choose at their discretion to refer the applicant to the Planning Board for a Formal Site Plan Review.

Minor Site Plan Review

The applicant will be required to complete an Application for Site Plan Waiver and submit it with the appropriate fee (\$50). The Officer and Chairman may request any additional information or detail permitted under §109 as they may feel necessary to fully review the application. The Officer will certify to the applicant when the application is deemed complete, starting the 45-day clock for approvals defined in the ordinance. There will be no notice requirements (i.e. §22-25) for Minor Site Plan Review, nor will presence of Counsel be required.

Approval after Minor Site Plan Review

- ✓ The bases for approval during a Minor Site Plan Review will be the same as for a Formal Site Plan Review, including specifically §109-6 (Guidelines for Review") and all other applicable local and state land use law.
- ✓ The Officer and Chairman may require that specific areas of the premises not presently in conformance with current statutes be brought to code as a condition of approval.
- ✓ Approval may also be conditioned by provisos which are necessary, in the judgment of the Officer and Chairman, to avoid or relieve impacts on the health, safety or welfare of the Borough of Riverton. The Official will certify compliance with all such provisos before a certificate of occupancy is issued or occupancy takes place.
- ✓ Agreement of both the Officer and the Chairman is needed in order for Site Plan Approval to result, evidenced by the signatures of the Officer, Chairman, and the applicant (and owner, if different) on a Minor Site Plan Approval form.
- ✓ Site Plan Approval resulting from a Minor Site Plan Review will have the full force and effect of an approval granted by the full Planning Board resulting from a Formal Site Plan Review.
