Getting or Using Solar

National Renewable Energy Laboratory, PVWatts Calculator, Accessed September 21, 2025, <https://pvwatts.nrel.gov/>. This free website helps you plan and understand how effective a residential solar installation would be on your home. It costs nothing and doesn't even ask for an email address. You can use it as a gut check for anyone who is selling you a solar installation for your home.

New Jersey Board of Public Utilities, New Jersey's Clean Energy Program, Accessed September 21, 2025, <https://njcsep.customerapplication.com/>.

Local Community Solar opportunity, <https://solarlandscape.com/nj/delran>. By signing up for community solar, once there are enough subscribers, you will use solar power that you share with others without having to install solar at your residence.

Re-Volv, Accessed September 21, 2025, <https://re-volv.org/about-us/re-volv>. P-Volv is a non-profit that helps other non-profits use solar energy,
